

Ohio's Unique Lodgings

Among the Trees Lodging

Visiting a Unique Lodging of Ohio (ULO) property offers an experiential stay, custom hospitality and a personal touch. ULO properties are members of the Ohio Hotel & Lodging Association and are professional, high-quality accommodations often locally owned and operated.

If you are looking for a food adventure, hoping to unwind and unplug or are seeking to explore a local town, there is a ULO for you. Unique Lodging of Ohio boasts more than 100 properties ranging from a cabin in the woods to yurts, geodomes, treehouses, inns, bed & breakfasts, guest houses or even lodges large enough for your extended family or friends, with many offering amenities such as award-winning restaurants, wine tastings, exclusive activities and on-site spa treatments.

In July 2020, OHLA and ULO developed a new, mobile-friendly platform with an emphasis on independent lodging experiences to provide travelers an easy way to discover the wide variety of accommodations and services available only through these types of properties. The platform allows visitors to sort through and book by Ohio region, type and proximity to major attractions and cities. It features properties in all regions of Ohio, including popular destinations such as Amish Country, Hocking Hills, Lake Erie and Geneva-on-the-Lake. Whatever you are searching for, you can Find It Here.
